

## **Volunteers**

The Crystal Lake Public Library recognizes and appreciates the hard work and unique talents the volunteers of the community offer to the Library throughout the year. The Crystal Lake Public Library also recognizes the risk of injury which can be a part of every activity. For that reason, the Board of Trustees of the Crystal Lake Public Library carries the necessary insurance coverage to provide insurance to volunteers who are injured while performing a task assigned by the Library Volunteer Coordinator as part of an organized program of volunteerism. This coverage is provided to the same level as accidental injury coverage is provided to employees of the Library.
