

Volunteers

The Crystal Lake Public Library recognizes and appreciates the hard work and unique talents that volunteers offer to the Library. They serve to enhance rather than replace Staff.

Volunteers must be 12 years or older and submit a completed Volunteer Application. The library selects volunteers based on its current needs and may not be able to accommodate all volunteer requests. Participants in the Volunteer Program who are injured or incur damage to personal property while providing services as part of their volunteer assignments are covered by the Library's insurance.
